Landscaping plan for application number 11/00025/FUL July 6th 2011

Planting in the flower beds would include but not be limited to ;

Spring bulbs – daffodils snowdrops tulips

Annuals – wallflowers, Sweet Williams' pansies pelagoniums other bedding plants

Perennials – forget me knots geums, lupins, aquilegia, sedum asters campanula iris phlox geraniums

Shrubs - cotoneaster

Climbers - japonica, clematis, euonymous and ivy

If the plants were to die at any time I would expect to replace them

I have altered the area to the rear of the building to grass and have allowed for soft landscaping at the front.

Regards Hazel Davenport
