Headteacher
Matthew Pike BSc MEd

Deputy Headteacher
Peter Clowes BSc MEd

- the average number of current daily/weekly (evening/weekend) both educational and non-educational activities taking place at the school, including the approximate number of attendees and staff broken down to on a educational/community basis;*

Mondays:
Fitness class in the hall. Approx 20 attendees at any one time.
Thai Kwon Do in the gym. Approx 25 attendees at any one time.
Cricket on field (cricket nets). Approx 20 attendees at any one time. Seasonal.

Tuesdays:
Pilates in the hall. Approx 20 attendees at any one time.

Wednesdays:
Thai Kwon Do in the gym. Approx 25 attendees at any one time.
Cricket on field (cricket nets). Approx 20 attendees at any one time. Seasonal.

Thursdays:
Thai Kwon Do in the gym. Approx 25 attendees at any one time.
Girls fundraising and activity Club. Hall/playing field. Approx 25-35 attendees.

Fridays:
Badminton in hall and gym. Approx 20 attendees at any one time.
Football training on field. Approx 20 attendees. Seasonal.
Cricket on field (cricket nets). Approx 20 attendees at any one time. Seasonal.

Saturdays:
Thai Kwon Do in the gym. Approx 25 attendees at any one time.

Sundays:
Football training on field. Approx 20 attendees at any one time. (Seasonal).
Church Group. Hall, gym and 2 classrooms (all in "old building). Approx 40 attendees at any one time.

- The approximate average number of attendees using motorised transport to the site;
Probably 90% use vehicles. However, not all park on the site, they are "dropped off" and collected. The car park usually has, at most, 30 cars parked at any one time. The school site has over 50 car parking spaces and has the playground for additional parking.

- The number of staff required to staff the activities on evenings and weekends (e.g. tutors and premises staff);*
None of the above lettings require school tutors or Premises staff to be in attendance. Pilates, Badminton and the Fitness class all have 1 tutor. Thai Kwon Do have 2 Tutors. Football varies anything between 1 and 6.
- The number of car parking spaces used on average per evening and weekend outside of school hours;*
On average, approx 25 spaces.

* please itemise separately, the educational events currently taking place in the new extension.
Non at present-(after school hours).

- The number of proposed evening/weekend events to take place in the new extension;
There are no current hirers wishing to use the facility at this moment in time. However, the school hopes to hire the new hall to raise extra revenue for the pupils. The school would like to offer every evening in the week and a Saturday. We would be happy to reduce the number of days if required.

- The number of staff and attendees likely to attend the classes per event/evening (e.g. of there would be more than one event in an evening);
This depends on the hirer. We can put a restriction on the new build if required.

- Any form of management plan to mitigate the impact of the proposed classes (e.g. only allowing music to a specified level (if so what level?), windows closed at all times, a drop-off area within the school car park, etc);
If music is required, we would have a restrictor installed to restrict the noise level to whatever the Council permits. Windows would be kept closed at all times as there is air conditioning if required. There can be a drop off area within the school grounds and if required, the playground can be opened for additional car parking. All the above would be added to the indemnity terms and conditions. Any hirer who does not adhere to the terms and conditions would have their letting terminated.
