James,

I apologise for not responding to you earlier regarding our telephone conversation last week regarding the planning application for the above mentioned project. I have, however, only just received confirmation of my client's intentions regarding the progression of this application.

They agree with our thoughts and feel that the best way to move forward would be to withdraw the current application and meet with you at your earliest convenience to discuss a design which your department would find acceptable.

Please do not hesitate to contact me to discuss this matter further, and to arrange a time and date for a meeting.
