Subject: RE: 11/00296/FUL- Market Bosworth Parish Hall

Hello Scott

I have spoken to one of the committee members of the Parish Hall today and can confirm the following in response to the query from G Rawdon:

1: The Playgroup is an existing user and will remain using the hall as current; use is daily with circa 15-20 children with external playspace available at the rear of the building.
2: Multi use of Judo, Aerobics, Kick Boxing, WI, Flower Arrangement and Children's Drama are all existing and will continue to use the facility as current. Amplified music is currently used at the hall and the same system will remain. No music will be played externally and the alterations and extensions proposed, will enhance noise buffering measures from the hall to Park Street.
3: The operational use of the Café will generally be between 9am and 8pm; however, it will be available for use up until 11pm in accordance with their current permit. It not envisaged to use the external terrace during hours of darkness and only used seasonally during the milder periods of the year. The kitchen will be a domestic type, which will be used for reheating food and preparing cold platters. It not intended to install a commercial kitchen that requires large external flues; however, a small extract fan of 60l/s over the hob will be required to meet the requirements of Approved Documents Part F.
4: External lighting will comprise of ambient wall wash lamps either side of the main entrance and side entrance.

Hope this helps and should you have any other queries, please do not hesitate to call.

Kind regards

Nigel Axon
