Further to your letter of 26 July 2011, re The National Planning Policy Framework. We would respond as follows:-

'The National Planning Policy Framework: Consultation Draft was issued on 25 July 2011. It is considered that of relevance to this appeal is the presumption in favour of sustainable economic development, which should be balanced against the intentions of Local Plan Policy BE1 and the associated impacts upon residential amenity.

As such, it is in the opinion of the Local Planning Authority that whilst the development may be sustainable economic development this would be at the detriment to the amenities neighbouring residents within the surrounding area.'
