Part II

The trees affected by the proposed work are not protected by a Tree Preservation Order but are in Ratby Conservation Area.

Part III - Particulars of decision

The Hinckley and Bosworth Borough Council hereby raises no objection to the work proposed in the application referred to in Part 1 hereof in accordance with the application form and plans submitted.

NOTES TO APPLICANT :-

1. It is a criminal offence to damage or destroy a bat roost. Therefore, if the tree is mature and has hollow cavities and / or is covered with ivy, or has suitable places in which bats might roost, we recommend that it be surveyed for bats before any work is carried out to the tree. All birds, their

nests and eggs are protected by the Wildlife and Countryside Act. We recommend that work to trees is done outside the bird-nesting season - i.e between the end of August and beginning March. If work to the tree is to be undertaken during the bird breeding season, we recommend that a suitably qualified ecologist surveys the tree for nesting birds. If nesting birds are present, work must be postponed until the young have left the nest.
