Morning Joe

If those measures are taken I have no objection.

Thanks

Giles

Morning Joe,

Do you need to visit the site again for this application? If so could you let me know a suitable time and I can arrange with the applicant.

I note there have been some consultation responses, and the only query raised if from EH regarding amplified music and noise from Leicester Road. I confirm that the meeting hall does not use amplified music or voice amplification. Furthermore, the meeting hall would be internally insulated providing increased sound protection. The plot adjacent to Leicester Road would have high specification glazing for additional insulation and acoustic fencing along the boundary to the highway.

Do you have any queries on the proposal? If it is to be recommended for approval would it need to go to committee?

Kind regards
Kay
