Dear Mr Cleaver

Re: Planning Permission 09/00042/FUL – Kirby Grange Farm, Taverner Drive, Ratby

I refer to your letter dated 15th May 2009 and enclosed plans and submitted materials in respect of Conditions 2 and 3 of the above planning permission.

I can confirm that the external materials details provided on Plan No. AL(0)03 907 Rev B and the facing blockwork samples Plasmor 'shot blasted' finish in either Mellow Yellow or Barley are acceptable towards discharge of Condition 2.

I have written to the Highways Agency in respect of the acceptability of the drainage details provided on Plan No. AL(0)06 907 in respect of Condition 3 and will write to you again once their response has been received. I have also referred them to the cross section of the site provided on the external materials plan.

Yours sincerely

T. Darke
Development Services and Policy Manager
