Eleanor/Richard

Thank you for the planning permission that we received today. We note that the conditions that Leicestershire County Council had originally requested, to restrict the period that the work could be carried out and to have a licensed ecologist inspect the property before works commence, have not been included on the final permission.

For your records we have outlined this to the client when we forwarded the permission to them. We have also suggested that he still have a inspection and report carried out as to the current Bat activity before works commence on the roof area to ensure that the work he is carrying out will be in accordance with the relevant regulations.

Regards

Lee J Ward ACIAT
