8 Eastwoods Rd Hinckley Leics

ref: 83 Lutterworth rd,
Burbage,
leics,
LE10 2DL

The occupants of the above property have lived there for nine years during that time they have always parked their cars on the drive as with the proposed development, so there will be no change to parking arrangements in day to day use.

The existing garage has never been used by the occupants of number 83 for car parking and it is not accessible to the other houses in the development being built on private land.

The proposed scheme provides two standard size car parking spaces for the three bedroom house.

The proposed car parking provisions to number 83 are similar to all the other houses in Lutterworth rd
