Leicestershire County Council

TOWN AND COUNTRY PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) (ENGLAND & WALES) REGULATIONS 2011

SCREENING OPINION (REGULATIONS 5 & 7)

PROPOSAL: Construction of a composting site including 4m high screening bunds, hardstandings, a composting building, a leachate lagoon and ancillary development and use of the land for the purpose of windrow composting of waste

LOCATION: Land off Fenn Lane, Fenny Drayton, Nuneaton, Leicestershire CV13 6BP

COUNTY COUNCIL REF. NO: 2011/0499/04 **DATE OF RECEIPT:** 31st May 2011

1. Is the development listed in Schedule 1? **NO**
   If YES, state which, e.g. '1/19 – Quarry (exceeding 25ha)'
   N/A

2. Is the development listed in Schedule 2? **YES**
   If YES, state which, e.g. '2/11(b) – Installations for the disposal of waste'
   2/11(b) – Installations for the disposal of waste

3. Is it in a 'sensitive area'? **NO**
   If YES, state under which (Reg. 2), e.g. SSSI, AONB, SAM etc.
   N/A

   a) If YES, has English Nature or any other non-statutory body been contacted? **N/A**

   b) When were they contacted? DATE: **N/A**
   REPLY EXPECTED BY: **N/A**

OR

4. Does it meet any of the relevant Schedule 2 thresholds/criteria? **NO**
   If YES, which, e.g. 'area of development exceeds 0.5ha'
   N/A

5. Is the development above 'indicative' thresholds listed in Annex A to Circular 02/99? **NO**
   Refer to relevant criteria in Circular 2/99.
   N/A

6. Is there any other relevant information relating to the test of 'significance'? **NO**
   If YES, what?
   N/A

In my view the proposed development **is not** EIA development under the Town & Country Planning (Environmental Impact Assessment) Regulations 2011.

Signed: Geoff Wilson DATE: 8.6.2012
Senior Planning Officer

On behalf of the County Solicitor

Note: An EIA development must either: be within Schedule 1; or within Schedule 2 'within a sensitive area', or above the relevant thresholds/meet the relevant criteria and be 'likely to have significant environmental effects'.
