
Area 4 / 5 - Soft Landscaping Plan

Area 4 & 5 encompasses the back of the Snow Leopard Exhibit and the path between the western gabion wall of the Snow Leopard Exhibit and the Main Cafe building.

As access road will run alongside the back of the exhibit and the pathway between the exhibit and Main Cafe building will have a 'wild walk' theme with logs, tree roots and ornamental planting that will predominantly be green and include a large number of ferns, woodland grasses and unusually shaped plants.

Planting to include:

Matteuccia struthiopteris	Shuttlecock Fern
Dryopteris erythrosora	Autumn Fern
Asplenium scolopendrium	Spleenwort
Acer palmatum	Japanese Maple
Aesculus x carnea	Red Horse Chestnut
Aralia elata	Japanese Angelica Tree
Ginko biloba	Maidenhair Tree
Carex testacea	Autumn Sedge
Hakonechloa macra	Japanese Sedge
Milium effusum	Wood Sedge
