Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
1. Due to our property being set back, I feel that because this planned extension is coming right to the building line and is two storey it would be overbearing.
2. Due to the extension coming up to the building line our access to our drive and garage would be impaired if scaffolding was to be erected, and building debris is potentially going to be on my property.
3. Due to the extension coming up to the building line any future maintenance would require access from my property 4.Due to the extension being two storey and up to the

building line it will further restrict the natural light on my property. This is already restricted by my property being north facing and set back
