A ONE TREE SURGEONS & FENCING

17th August 2011

To whom it may concern

Re: 5 Shakespeare Drive, Hinckley

On inspection of Silver Birch Tree located to front of property above, it was discovered that disease has set in and is rotting away at base of tree. Tree is also leaning toward neighbouring property and public footpath. Due to this disease, my recommendation is that the tree is removed as it now poses a danger to the property owner and other members of the public.

If you have any queries please do not hesitate to contact me on 07767 368695.

Yours sincerely

K Bucknall
