Thank you for your letter of the 6th of May 2009 regarding the above planning

application.

Please refer to comments made in our previous response of the 25th of November 2008 our ref: NX/INF/LOC/1419.70 MW.

I hope this information is of use to you.

Yours faithfully,

Mark Walton

Please note: Our information and recommendations result from our best knowledge of the site to date. It may change if further information is discovered. It remains the responsibility of the applicant to ensure that no protected species or their habitat is damaged during the works. The best method of achieving this is for a suitably experienced and licensed ecologist to conduct a full survey for protected species at the appropriate time of year in appropriate weather conditions. For instance, if there is a pond/water body within 500m of the site a survey for great crested newts will be required.
