Hi Jim

I have now been through your second discharge of conditions application for the above site.

I have not received the details for Condition 10 (tree protection). I have checked the emails we had from Planning Portal but the report was not attached to the submission. Are you able to email this over too?

I assume the landscaping details and archaeology WSI will follow at a later date? If these have been submitted it does not appear I have received these either, please let me know if these missing reports have been submitted and in what format (electronic/paper) so I can ensure information is not going missing at our end.

Kind regards

Rob Morgan BSc(Hons) MASP
