APPLICATION DETAILS:

Planning Application Number: 23/01064/FUL
LCC Reference Number: 2023/5465/04

Description of Application: Erection of a single dwelling (C3) and detached garage with new access and parking

Location of Application: Land West Of 1 Convent Drive, Stoke Golding,
Leicestershire

Thank you for your consultation in respect of the above planning application. The County Council has considered the application, having regard to the Development Plan, National Planning Policy Guidance and other relevant material considerations. In this particular instance, the County Council, as Minerals and Waste Planning Authority, comments as follows;

The development site is located within a minerals safeguarding area for Sand and Gravel. However, upon review of the proposals, it is considered unlikely that extraction of the mineral would occur in the future at the site given its relatively modest size and its proximity to adjacent residential properties. Therefore, a Mineral Assessment is not necessary for this proposal and the County Council do not have any objections from a mineral safeguarding perspective.

Yours Sincerely,

R. Tollyfield

Robert Tollyfield
