Dear Mr Smith

Re: Planning Permission Nos. 07/00673/REM and 08/00965/FUL – Land at Breach lane, Earl Shilton, Leicestershire.

I confirm that I have passed the revised soft landscaping details submitted on drawing reference LS1/BRE/02 Revision B to the Borough Council's Green Spaces Team for their comments. I will write to you again once I have received them.

In the meantime could you advise me what is happening with the replacement for the mature Ash that has been removed from the boundary hedge adjacent to the allotments, I was expecting to see a heavy standard tree of suitable species planted to replace it.

Yours sincerely

T. Darke
Development Services and Policy Manager
