Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
With the design as proposed the top part facing our boundary fence is very close...1M and closes in the main view across our garden.

Can there be consideration given to pitching the roof from the existing dwelling wall facing our property to the new wall next to our property hence lessening the encroaching effect.

Please contact me Wednesday 25th Feb to discuss

Also these plans were not available to view from the dating of the letter. Plans were first attemped to view within 4 days of receiving letter and plan were not posted.

We have objected at this time until we can discuss further. This is not to say we are entirely against the proposal. Just the above mentioned issue and hope this can be resolved
