Design and Access Statement

For

St Margerets C of E Primary School, Stoke Golding

Erection of canopy to provide covered play space.

DESIGN

Use: To meet Government and Educational requirements. The proposed canopy will provide an outdoor sheltered play area inline with current Department for Education and Skills guidance.

Amount: The extent of the works are the minimum to achieve the required provision.

Layout: The layout has been prepared to make best use of external space, whilst maintaining a safe environment for the children and other users.

Scale: The accommodation proposed relates to the minimum provision balanced against available finance and required usage.

Landscaping: No significant changes to the existing landscaping are anticipated.

Appearance: The design reflects a simple lightweight form to provide the minimum structure whilst providing an adequate amount of protection from inclement weather.

ACCESS

Safety: The access points are intended to ensure children and other users can use the facility un-impeded and in safety.

Movement: The work will not impede movement to relevant areas of the school.

Policy: The school has a policy of access for all. The policy is not compromised by the inclusion of the required external modifications.
