Council Offices, Argents Mead,

Hinckley, Leics, LE10 1BZ

16th September 2009

Dear Sir,

Re 6 Wendover Drive Hinckley LE10 1 UQ

Please find attached drawings numbered 2008/024/01C and 02 together with a set of application forms duely completed and signed forming as Full Planning Application in respect to the above. A location plan is set on drawing number 2008/024/02.

The planning fee cheque for £150 will be provided directly to you by the applicant in the next couple of days.

In the preparation of the application an ecological issue relating to bats has been raised and discussed with Mr Mark Walton at Leicestershire County Council. The proposal is to construct a chimney which crosses the verge to the gable where bats might roost but because the affected area is relatively small Mr Walton will accept there is no need to undertake a bat survey but in mitigation requires an authorised and licensed ecologist to be present when the works are opened up. The applicant is happy to have this situation conditioned on the approval. I trust this is acceptable to you.

I look forward to the acknowledgement of receipt of the application.

Yours Sincerely

Stewart Anderson
