Table C

Vessel No	Part and entry number in schedule 1 to the 1992 Regulations of substance(s) to be stored in vessel	Installed above ground (Yes/No)	Buried (Yes/No)	Mounded (Yes/No)	Maximum capacity (cubic metres)	Highest vessel design temperature in Degrees Centigrade	Highest vessel design pressure.
9	Part B Section 2	Yes, with full secondary containment	No	No	11467	98	Atmospheric pressure
19	Part B Section 2	Yes, with full secondary containment	No	No	13591	42	Atmospheric pressure
20	Part B Section 2	Yes, with full secondary containment	No	No	13591	42	Atmospheric pressure
41	Part B Section 2	Yes, with full secondary containment	No	No	1654	Ambient temperature	Atmospheric pressure
91	Part B Section 2	Yes, with full secondary containment	No	No	2332	Ambient temperature	Atmospheric pressure
108	Part B Section 2	Yes, with full secondary containment	No	No	363	70	Atmospheric pressure
123	Part B Section 2	Yes, with full secondary containment	No	No	2189	60	Atmospheric pressure
125	Part B Section 2	Yes, with full secondary containment	No	No	2189	65	Atmospheric pressure
149	Part B Section 2	Yes, with full secondary containment	No	No	492	60	Atmospheric pressure
Storage	Part B Section 2	Yes, with full secondary containment	No	No	N/A (see table D)	Ambient temperature	Atmospheric pressure
58	Part B Section 1	Yes, with full secondary containment	No	No	2998	65	Atmospheric pressure
60	Part B Section 1	Yes, with full secondary containment	No	No	2226	25	Atmospheric pressure
63	Part B Section 1	Yes, with full secondary containment	No	No	2226	25	Atmospheric pressure
Storage	Part B Section 1	Yes, with full secondary containment	No	No	N/A (see table D)	Ambient temperature	Atmospheric pressure
