Dear Sirs,

Re: Demolition of No.s 33 and 35 and erection of 19 no. dwellings with associated parking and access. App. 08/00306/FUL

I refer to the above planning permission, in particular to the attached conditions.

We have pleasure in submitting additional information to assist with the discharge of condition 8 together with a cheque for £85.00 to cover the prescribed fee.

You will not that our Client is intending to provide entrance gates and piers which will link in with 1200mm high railings which are intended to extend across the whole site frontage. It is also intended that the front boundary will be reinforced with additional planting behind the railings to blend in with the existing boundary treatment and those of neighbouring properties.

Should you have any further queries relating to the enclosures, please do not hesitate to contact the undersigned.

Yours sincerely

Neil Boddison
Director
