Submission Type:

Comments:
The application refers to one Hawthorn hedge (with some Dog Rose) approx. 200m. in length, 2m. wide & 2.5m. height. It has been regularly trimmed with no gaps and no trees other than some naturally regenerating Oak, Ash & Elder that have been routinely flailed.
The hedge extends north to south from the stream to the gate at the SE corner of

field 4992.
The hedge cannot be classified as important under Hedgerow Regulations 1997 but I would urge its retention for reasons of environmental diversity in a sparse landscape.
