Categories: Yasmin

Good morning,

Thank you for consulting Leicestershire Police on the above planning application. I have reviewed the available documents, and my colleagues' previous comments relating to application 24/00264/OUT remain relevant. Overall, I am supportive of the proposed designs and layout.

I would, however, like to add the following recommendations:

Lock Security: Lock snapping continues to be a nationally recognised method of forced entry. All PAS 24:2022-compliant doors fitted with euro-profile cylinders should utilise products certified to TS 007 3-Star, STS 217, or Sold Secure Diamond Standard, providing enhanced resistance to this type of attack.

Patio Doors and Glazing: The majority of the proposed dwellings include patio doors, which are frequently targeted during residential burglaries. These doors should be fitted with laminated glazing to improve security and reduce vulnerability to forced entry.

Should you require any further information or clarification, please do not hesitate to contact me.

Kind regards

Megan Wood
