

CONSULTATION TEMPLATE RESPONSE FROM LEICESTERSHIRE COUNTY COUNCIL:

ECOLOGY AND BIODIVERSITY PLANNING ADVICE

COUNTY, DISTRICT OR BOROUGH	Hinckley and Bosworth Borough Council
APPLICATION NUMBER	26/00768/FUL
ADDRESS	Bethel And Bethesda Residential Home Equity Road East Earl Shilton Leicester Leicestershire LE9 7FY
DESCRIPTION OF DEVELOPMENT	Proposed construction of 4 no semi detached dormer bungalows and 1 detached dormer bungalow (for occupation by persons over the age of 55 only) resubmission of 22/00370/FUL
PLANNING CASE OFFICER	Joseph Fleetwood HBBC
DEPARTMENT	Ecology
PLANNING ECOLOGY OFFICER	Michael McCoy
DATE OF COMMENTS	22 September 2026
ECOLOGICAL DOCUMENTS REVIEWED:	
Preliminary Ecological Appraisal (Dr. Stefan Bodnar, Mar 2026)	
SUMMARY RECOMMENDATION:	
No comment	
No objection (for recommended conditions or informatives- see below)	✓
Recommend Refusal	
Holding Objection - Further information required	
REASON FOR RECOMMENDATION:	
- We have reviewed the above documents as well as 'Site Layout DRW No.1546-2' (Andrew Moore Architectural services, Aug 2026) which we find acceptable. No evidence of protected species was found on site. - As the site is less than 0.2ha in size, the application is exempt from mandatory BNG. - Recommendations from the Preliminary Ecological Appraisal (Dr. Stefan Bodnar, Mar 2026) should be followed – please see conditions below. - The site is located within a 'Swift Alert' zone as it is within 250m of a number of recorded nest sites. Swifts are a declining species, and a priority species in our Local Biodiversity Action Plan, therefore ecological enhancements in the form of swift boxes should be installed on the existing building. These should be made of woodcrete for longevity, and located at least 5m above the ground, in a shaded area, and with a clear approach.	

ANY RECOMMENDED CONDITIONS TO BE APPLIED:
- No development shall take place (including ground works or vegetation clearance) until a Construction Environment Management Plan for biodiversity (CEMP: Biodiversity) has been submitted to and approved in writing by the LPA. The CEMP shall include the following details: A. Identification of potentially damaging construction activities B. practical measures and sensitive working practices to avoid or reduce impacts during construction on Badgers, Great Crested Newts and reptiles C. timing of works to avoid harm to nesting birds D. responsible persons for overseeing sensitive works E. use of protective fencing where required The approved CEMP shall be adhered to and implemented throughout the construction period, unless otherwise agreed in writing by the LPA. - No development shall take place until a biodiversity enhancement scheme has been submitted to and approved in writing by the LPA. Enhancements shall include (but is not limited to) at least two woodcrete/integrated swift boxes, one integrated bird box, the make/model and their locations. Any enhancement measures need to be shown on all relevant submitted plans. All works are to proceed strictly in accordance with the approved scheme.
ANY RECOMMENDED INFORMATIVES TO BE APPLIED:
N/A
IN THE CASE OF DISCHARGE OF CONDITIONS ONLY: (Please confirm which condition(s) is/are being discharged)
N/A

Note for applicants: Please be aware that this advice is provided to the Local Planning Authority through a Service Level Agreement between the Local Planning Authority and Leicestershire County Council Ecology Team. Its purpose is to discharge the legal duties of the determining authority under The Local Authorities (Functions and Responsibilities) Regulations (2000), Regulations 4.

If you have any queries about the content, please correspond directly with the Planning Officer assigned to the planning application or discharge of condition application. We are unable to respond directly to applicant enquiries regarding the advice that we have provided to the determining authority.

The following legislation is used to assist in the assessment of planning applications:

Legislation source	Reference
National Planning Policy Framework	Paragraphs relevant to biodiversity, biodiversity net gain, ecological connectivity and protected species
Environment Act 2021	Mandatory Net Gain Biodiversity Duty Local Nature Recovery Strategy

District or Borough Local Plan and supporting SPD's	Local Plan policy
ODPM circular 06/2005: Biodiversity and Geological Conservation	Requirement for species survey work and mitigation recommendations to be carried out prior to the determination of a planning application. Paras. 98 and 99
NERC Act 2006	Biodiversity Duty (see also Environment Act 2021) Section 41, habitats and species of Principal Importance (previously BAP)
Various International, European and National laws in relation to the protection of species and habitats	International and national site protection: Ramsar sites (from Ramsar Convention), Habitat and Birds Directives (Natura 2000 sites include SAC's and SPA's), SSSI's, National Nature Reserves, Local Wildlife Sites, Local Nature Reserves. Habitats and Species protection: Habitat and Species Regulations (protected sites and species). Wildlife and Countryside Act 1981 (as amended including special Schedule 1), Natural England Standing Advice. Badger Act.
