10 MAY 2011

Dear Mr Wood

App No. 11/00271/FUL – Change of Use for the Sale, Display and Assembly of Kitchen Units. Demolition of garage, Erection of Replacement Outbuilding and Provision of First Floor Living accommodation - Mr Roy Hartley – 62 Castle Street Hinckley

I writet to follow up our recent telephone conversation which, in turn, follows your recent email.

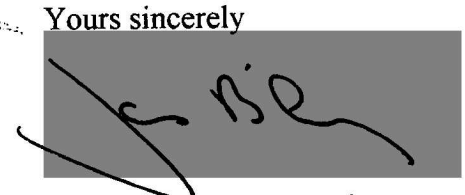
I enclose plan B10/13/P01F prepared by David Barnes following his conversation with you. In addition to the revised section you requested the plan shows the relocation of ground floor doors to Lilley's Yard and confirmation of obscure glazing to first floor windows facing Lilley's Yard. I trust this plan shows all the additional information you require.

A planning application has been submitted for demolition of the garage as per your request - under Planning Portal reference No. 1477788.

In response to your request for information about deliveries, I have the following information from our client. Deliveries will be one or two per day on average, meaning there might be two deliveries one day and then none the following day. The number of goods out movements will be one per day. All deliveries in and goods out movements will be in transit sized vans.

I trust this is all the information you require at this stage.

Yours sincerely



For James Bailey Planning
