Dear Mrs Bea,

Re: Building works at 36 Grove Rd, Burbage LE10 2AD

I write with regard to the proposed works at the above property. Having discussed the plans at length I can confirm that the only tree to be possibly affected by the proposed works is the Acer that will be on the rear boundary between your garden and the proposed building works. However, with the correct consideration to the tree, the works need not adversely affect it.

If a barrier is erected around the extent of the crown so that all works are kept outside of this area there should be no serious damage to the tree.

Please do not hesitate to contact me if you have any queries or require any further information.

Yours sincerely,

Nikki Singh-Barmi
