In reply to your request for additional information with the above Planning Application I detail below our response:

For a number of years we have always had three tables with four chairs each located to the front of our property but keeping the footpath clear. This is possible by keeping them to the corner of the square. This was discussed and cleared by Highways at Coalville and your planning Compliance Officer.

The outbuildings are used for storage of ambient tearoom stock, some chilled and frozen stock and cleaning tools and a few basic domestic cleaning products.

I trust this information is sufficient to progress our application as soon as possible.

Kind Regards
