Pierre,

Trevor Prowse has agreed that the response can be issued and in Tracy Darke's absence, Chris Merriman has also agreed the response.

Having read Sasha's response, it would appear that as we are agreeing to their first two claims, we are not even discussing the third (the unlawful condition). Is that your understanding?

Can you let me have a true copy of the response once it has been issued.

Regards

James

James

That appears OK, given our conversation on the subject

Thanks

Trevor,

Attached is the draft response form our Counsel on the Castle Mead Judicial Review case. You will see that the matter is being handled by Pierre in legal services in Mike Rice's absence.

I have reviewed the response and it appears to accord with Mike's opinions expressed at a meeting earlier this week, however in Tracy's absence can you please agree that the response can be issued.

The formal response needs to be with the Claimant's solicitor by the end of the day hence I need a response from you by lunchtime.

Regards

James

James please see draft letters prepared by Counsel (Sasha Blackmore). Please note that whilst HBBC Consent to an Order quashing the grant of planning consent to Assura Property Ltd is *envisaged*, it is not yet agreed as to its precise terms. Payment of the Applicant's (limited) costs is also still to be agreed and will no doubt the be the subject of further representations between HBBC and the Applicant's solicitors.

I am also forwarding draft letter to Assura Limited which we are advised should be sent as a matter of courtesy although there is no legal obligation to consult the recipient of the original planning consent.

If you have any observations, please contact me as soon as possible , I am aiming to fax out the tow letters to the applicant's solicitors around lunchtime to comply with the agreed deadline.
