A Borough to be proud of

Mr J. Middleton
Director
M & O Building Contractors Limited
Unit 10, Swannington Road
Broughton Astley
Leicestershire
LE9 6TU

Dear Mr Middleton,

Land Adjacent 3 Rutland Avenue, Hinckley, Leicestershire – reference 10/00498/FUL

I refer to your letter dated 18th July 2011 regarding the above planning application and the proposed amendment to the roof material from Spanish slate to Marley Modern Slate Grey concrete tiles.

Having revisited the site it is apparent that slate is the predominant roofing material used in the vicinity of the site with only a few isolated dwellings having been re-roofed with alternative materials. The use of slate was proposed at the time that the application was submitted and formed part of the consideration of the application. I think that it is important to retain the character and appearance of the street scene with appropriate materials and therefore would suggest that Spanish slate roofing material is used in this development rather than an uncharacteristic modern concrete tile.

Yours sincerely

Richard Wright
Area Planning Officer
