FAO: Rob Morgan, Administration & Technical Assistant

21 June 2012

Dear Rob,

**APPROVED CARE HOME FOR OLDER PEOPLE,**
**SITE OF FORMER MIDDLEFIELD INN, TUDOR ROAD, HINCKLEY**
**PLANNING APP REF No.11/00353/FUL**

Please see attached formal application for Approval of Details Reserved by Condition No.3 of Planning permission Ref No.11/00353/FUL dated 22 August 2011.

The application relates to Condition No.3 only referring to intended external materials.

We are experiencing difficulties in obtaining the supply of the previously Approved brick types, therefore, I would like to propose suitable alternatives.

In place of the approved Main Brick Type the Hardwick Welbeck Red Mixture, please can I advance as an alternative the **Ruddington Red Multi** from Weinerberger.

As an alternative accent brick to the County Red Smooth, please can I propose the **Staffordshire Smooth Red** from Weinerberger, which is pretty much identical.

I have attached manufacturer's representations of these brick types but will also arrange for samples to be delivered to your office.

A start has already been made on site, therefore, I would very much appreciate your urgent assistance on this matter, so as not to disrupt our development programme.

Yours sincerely

Alistair Wood
