RECEIVED

Dear Sirs

Proposed Residential Extension 2 Paddock Lane, Burbage

Further to your letter dated 3rd November 2008, we have visited site and can confirm that no bats are present in the roof space of the existing dwelling and the existing trees are of Leyladaii species and has neither hollow cavities nor ivy growth.

Our client would endeavour to remove the trees outside the breeding season as noted in the trigger list.

Should have any further queries, please do not hesitate to contact our office, in the meantime we look forward to receiving registration of application.

Yours faithfully

Nigel Axon RIBA
