Subject: Proposed Development at Cowper Road, Burbage

Hi Rob

Martin Dennis has forwarded me your e-mail, as we are the proposed developers. I detailed the garden plan as much as possible with regards to plants, shrubs etc. Each circle indicates one plant/shrub. With regards to your question of their density and size, do you require the size they can grow to, the size they are now (some of which I already own, others I intend to purchase once the house is built) or they size I intend the plant/shrub to grow? I can quite happily photocopy my plant and shrub book for you which has sizes etc in it but other than that I am not sure what you want.

Regards

Mr and Mrs Nunn
