Dear Rob,

I have been asked by Marble Homes to forward across to you a detail sheet for the proposed window sections, as part of the process to discharge the relevant planning conditions for the above approval.

I unnderstand that James Hicks has requested this level of information and I would be grateful if you could forward onto him this detail sheet for his review.

I also understand from my client that there is a backstop date of the 12th March for the receipt and approval of this outstanding information, any queries therefore, please do not hesitate to contact me at the earliest convenience.

I can be reached during office hours on 01509 670806, or alternatively through this email address.

Many thanks.

Kind regards,

Paul
