7. Appraisal

8.1. Key Issues

- Impact upon the character of the area
- Impact upon highway safety

Impact upon the character of the area

- 7.2 Paragraph 136 of the National Planning Policy Framework (NPPF) states that poorly placed advertisements can have a negative impact on the appearance of the built and natural environment.
- 7.3 Policy DM10 of the SADMP requires new development to complement or enhance the character of the surrounding area with regards to scale, layout, density, mass, design, materials and architectural features.
- 7.4 Policy DM23 of the SADMP sets out the circumstances in which applications for outdoor advertisements will be approved by the Borough Council. The circumstances include the requirement for advertisements to reflect local character and materials, to be appropriately scaled and to be of an acceptable level of luminosity so not as to lead to obtrusive light.
- 7.5 The advertisements are to be located on the newly erected Unit which is located off Normandy Way within the wider development which is currently under construction. It is considered that the proposed advertisements would not be out of character with the area when considering their size, luminance and colour.
- 7.6 It is considered the signs would have a neutral impact and that the proposal would preserve the character and appearance of the area, and subsequently the proposal complies with Policies DM10, and DM23 of the SADMP.

Impact upon highway safety

- 7.7 Policy DM17 of the SADMP requires development to not have a significant impact upon highways safety.
- 7.8 Policy DM23 of the SADMP also requires advertisements to be of an acceptable level of luminosity so not as to lead to obtrusive light.
- 7.9 The road the proposal is situated along Fieldfare Road. The level of luminance proposed is less than 350cd/m² which is acceptable, subject to a condition that the proposed adverts do not exceed this limit. The size and position of the signs would not give rise to an unacceptable level of pedestrian or vehicular safety.
- 7.10 It is therefore considered that the proposed advertisement would not cause any material impacts upon pedestrian or vehicular safety in compliance with policies DM17 and DM23 of the SADMP.

Equality implications

- 7.11 Section 149 of the Equality Act 2010 created the public sector equality duty. Section 149 states:-
- (1) A public authority must, in the exercise of its functions, have due regard to the need to:

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 7.12 Officers have taken this into account and given due regard to this statutory duty, and the matters specified in Section 149 of the Equality Act 2010 in the determination of this application.
- 7.13 There are no known equality implications arising directly from this development.
- 7.14 The decision has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including General Data Protection Regulations (2018) and The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

8. Conclusion

9. Overall the proposal is deemed acceptable within the context of the street scene and would preserve the character and appearance of the area. The illumination and projection of the advertisement would not cause any significant impacts upon pedestrian or vehicular safety. The proposed development is therefore deemed acceptable in accordance with policies DM1, DM10, DM17, DM23 of the SADMP and the wider policies of the NPPF
