Subject: RE: Note re: planning decision 25/01005/CONDIT

Good afternoon Rachel,

I'm well thank you and hope you are too.

Thank you for your email and for highlighting this error.

Please leave this with me and I shall see whether I am able to either update the report or add an addendum.

In response to the issues raised in the objection, as the Local Highway Authority were consulted on the application and raised no objection to the proposal on either highway safety or insufficient parking grounds, we were unable to resist the proposal on this basis, nor request the applicant to provide additional parking.

Please accept my sincere apologies for this oversight.

Kind regards,

Faizal

Subject: Note re: planning decision 25/01005/CONDIT

Hello Faizal,

I hope all's well with you?

I have been reviewing planning decisions made since our last Planning Committee meeting, to report to the next scheduled meeting, (Monday 2nd February) and noted that application 25/01005/CONDIT Consol 6 Rainbow Way had been permitted.

The supporting delegated reporte listed Burbage Parish Council as having 'no objections' to the application, however, on 5th November 2025, I received an automated planning portal message acknowledging receipt of the following comment: **Burbage Parish Council objects to this application. It is felt that the creation of 2 units in place of one would increase traffic journeys to the site and that there would be insufficient parking provision.**

I wonder if it would be possible to amend any records to reflect the Council's response, please?

Kind regards,

Rachel
