James

I confirm that Green Spaces support the proposal for the Hinckley Centre for Young People to be relocated onto Richmond Park as per planning application 09/00080/FUL.

The additional facilities to be provided will be beneficial to local residents and young people across the Borough.

In addition, the Green Space team are undertaking improvements to the park which will complement this scheme. For example a new ball court and play area have already been provided whilst pitch improvements and landscaping works are planned for later this year.

Kind regards

Caroline Roffey

Caroline

It has just become apparent that I have not received a response from green spaces on the planning application consultation. Whilst I am aware from project team meetings that green spaces are very much supporting the project can you please arrange for a brief response, via email to me, confirming there are no outstanding issues as far as you are concerned.

I will need this response by the end of the day (Wednesday) as the late items are being prepared for next weeks planning committee.

Regards
