Subject: RE: 2008/00349/Ful - SWORD DRIVE, HINCKLEY - discharge of Conditions

John,

I have looked at the draft Travel Pack you attached to the email and would say that it is basically OK as it is; but I would welcome a hard copy version / specimen of a pack for our records, complete with inserts and additional leaflets etc. Also I would add that as the information will go out of date fairly frequently we would need your assurance that the contents will be constantly monitored - so that as each household gets their pack the contents, web links and leaflets are known to be up-to-date. For example our bus maps change frequently and also the cycling ones; therefore the printed pictorial extracts will need to be updated as required. A couple of the websites links - the work wise one and the national rail one - did not work for me please check that the addresses are correct.

Please forward the specimen paper copy to me at the below address, many thanks.

I have asked Steve Tunnicliffe to respond to you directly on the costs of the infrastructure works mentioned in your final query below.

Importance: High

Louise/Gill.

Please find attached the Travel Pack document for the above.

The Travel Pack document will be colour copied on quality paper and wire bound, with acetate sheets provided to the front and back. The document will be supplied to residents in semi-transparent plastic 'document carry folders'. The folders will also contain copies of relevant bus and train timetables, the Hinckley Bus Map and Guide and the Hinckley Rural and Urban cycle maps. Also provided will be various relevant information leaflets which will be colour copied, and black and white copies of a list of 'Useful Website Addresses'.

The Travel Pack is in the same format as that which has been considered acceptable by Leicester City Council, so I trust you will find it satisfactory and that you will be able to confirm this in writing. If, however, you require any amendments or additions please do not hesitate to contact me.

In the meantime, I'd be grateful if you could provide an update on provision of the new bus stops on Stoke Road. As far as I'm aware we haven't yet received the estimate of the total cost of the works, as requested by email on 18/05/11.

I look forward to hearing from you.

Regards.

Hi All,

Yes, we do need to deal with officially discharging the condition. As long as the information to discharge the condition is submitted with the planning reference, it will be dealt with once received.

As I am leaving the authority in June. I would suggest that you send any submission to the planning email (planning@hinckley-bosworth.gov.uk) it will then be allocated to an officer.

Regards

Louise

John,

It isn't just a suggestion, it is part of the Condition that the packs are approved in writing by the LPA; but I'm afraid I don't know of anyone specific who would deal with the approval for you, I would assume the individual officers should be able to point you in the right direction though so you could start with Cathy or Louise.

Can you give me an update on the situation with the bus stop works – mentioned in your email of 22 November below?

Regards,

Gill

> >
> > I notice that several of the homes are up to roof level; can you let me know when 1st occupations are expected so that we can start work on the travel packs. I also need the plot / address list for the site; and the email address of who to liaise with regards to the occupations. By the way the packs costs will change in April, but at the moment the rise is looking minimal.

Cathy,

Please see below; I can confirm that we have commenced liaison with Northern Transport Planning Limited and Bloor Homes with respect to these two conditions. The bus stop works will probably take a couple of months to complete from first site meeting to installation; and the packs will be posted out as each house becomes occupied.

Please come back to me if you need any more information.

Kind regards,

Gill Moore

Subject: SWORD DRIVE, HINCKLEY

Gill.

Further to my email dated 12/11/10 and our telephone conversation this morning regarding the above I'd be grateful if you would:

Bus Stops on Stoke Road

Please make your site visit of the bus stops located on Stoke Road, adjacent to the development site, and assess what improvements you consider are necessary and feasible. Please report your findings for authorisation by Bloor Homes prior to commencement of the design and implementation works. I can confirm that I am familiar with the bus stops and therefore it will not be necessary for me to accompany you on the site visit. I can also confirm that it will not be necessary for a representative from Bloor Homes to accompany you on the site visit.

Welcome Packs

Please commence work on preparation of the Welcome Packs – we will eventually require a total of 145 packs. I understand you will make a charge of £48.85 for each pack (inclusive of VAT and postage) delivered to a household and that you will invoice Bloor Homes every six months for the number of packs which have been delivered during the relevant period. I also understand that the cost of the packs can change over time taking into account inflation, so it is likely that the cost per pack will increase by a small amount each year. I have been advised by Bloor Homes that a list of addresses for the site is not yet available because the local authority only supplies this when the foundations have been dug, however I will forward the list to you as soon as it becomes available. I will also keep you updated regarding work on-site to give you an idea of when the first dwelling is likely to be occupied.

Planning

Please, as agreed, inform the local planning authority that you are undertaking the above work in order for the developer to satisfy Conditions No. 22 and 23 of the planning permission (Application No. 08/00349/FUL).

Many thanks for your help with this. If you have any queries whatsoever please do not hesitate to contact me.

Regards.
