RECEIVED

March 4th 2010.

FAO : Trevor Prowse.

Dear Sirs,

Re : Application No : 07/01455/FUL : Construction of 2 No Workshop Barns.

We refer you to your letter dated February 8th 2008, sent to our clients, Groby Farm Partnership.

We are now in a position to address the conditions contained within your letter and set out herewith our proposals, for your consideration and enclose the following documents:

1) Copy of drawing number C.2961.L.52 Rev C, indicating the proposed areas of landscaping to be carried out.

2) Copy of the proposed landscape planting scheme.

3) Following consultations with the environment agency, we provide a copy of drawing number C.2961,L.50, which indicates, in red, the proposed drainage runs, which are to accept the storm water from the buildings.

4) A set of rainfall and drainage calculations, prepared in conjunction with environment agency specifications.

5) Copies of drawings numbered:
1 A : Indicating existing ground levels.
01006 -10-02 : Indicating proposed finished ground levels and bund levels.
SWB/A3 : Indicating cross section through bunds, including building ridge height.

6) Foul drainage from a WC and wash hand basin, will be treated via a Biodisc separator, treated run off to be absorbed via a perforated herringbone drainage system.

We look forward to receiving your further comments and remain

Yours faithfully,
For and on behalf of,
THOMAS PERCY LIMITED.

T.S.A.PERCY.
