DEVELOPMENT SERVICES
05 NOV 2008
RECEIVED

Description of Development:
The addition of 2 x windows to side elevation of factory unit.

Access:
Access is via the main entrance to the site through our car park.

Facilities:
The contractor will have full access to the sites toilets and canteen facilities if required.

Impact:
The 2 new windows to the side elevation of our building should have no impact on the surrounding area.

Materials
The Windows to be fitted will be of similar design to the existing window in the same elevation made of Brown PVC construction adhering to the latest specifications.
Size of the windows approx 1.7m x 1m

Waste:
All waste created on site will be taken away by the contractor.

H & S
An assessment of the work has been carried out and there will be no threat from the work to be carried out on staff working in the area.
