Subject: Planning Application for 29 Bambrook Close, Desford, - FAO Cathy Horton

Hello Ms Horton

PLanning Application for 29 Bambrook Close, Desford, Leicester, LE9 9FY Mr & Mrs Osborne

Further to our telephone conversation on Tuesday 17th January regarding our application for a fence around our property.

We would like to withdraw our current plans whilst we consult with your team and re-design our plans to try and reach a proposal which you will be happy with. We have requested that Peter Barnwell re-draws our plans and we like to arrange further meeting at our property which we hope will involve you, Peter Barnwell and Brian Sutton who has now become involved in our appplication.

We feel that our whole estate, and indeed most of Desford have not been subject to rules that you seem to be trying to inforce on us. We would like to have time to walk around the areas for us to try and show that we want to achive is only the norm for the area.

If you could confirm your availability asap as we really want to find some ground to move forward with.

Thank you for your involvement

Regards

Paul Osborne
