Dear Mr Lavender

I am the officer dealing with the above application, could you please clarify the following ;-

Are the containers let to different operators, one of the letters submitted with the application refers to a unit being rented separately?

Yes all containers are let out to tenants with the exption of one container round the back which is used for storage.

What are the gardens referred to, and what are they used for?

Outside catering of the tea rooms and the enjoyment of the customers who visit the site.

What period are you applying for, for the containers, cabins and walkways?

Permanent permission.

The D and A refers to slate walkway whilst the drawings refer to hit and miss timber, could you confirm which is correct please?

Hit and miss boarding is the vertical element and the slate is for all sloping roofs on the site.
