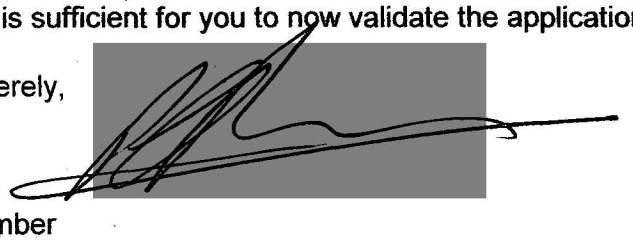
Dear Ms. Phillips,

PROPOSED REAR VERANDA EXTENSION AT 100, SAPCOTE ROAD, BURBAGE

I enclose up to date copies of the site and location plans as requested, but disagree that the veranda will be seen from the front elevation as the new roof will be attached to the rear of the existing below the existing gutter level, therefore a front elevation would not be required.

I hope this is sufficient for you to now validate the application.

Yours sincerely,



Philip Baumber
