Dear Mr Statham

Re: Application 10/00448/GDO – Land East of Heath Road, Bagworth, Leicestershire

I write in connection with your recent notification under the provisions of the Town and Country Planning (General Permitted Development) Order 1995 of your intention to erect an agricultural building on land at Land East of Heath Road, Bagworth, Leicestershire.

Further information is requested in respect of the intended purpose of the proposed building. Your application describes the development in sections 3 as 'a barn for the purpose for storing hay off the field' and in section 5 'storage of hay'. I would be grateful if you could confirm what the stored hay will be used for. In addition, I would be grateful if you could explain why the design of the proposed building includes feed troughs which would indicate a connection with use for livestock.

The deadline for determining this application is approaching and I would therefore look forward to receiving the above information within seven days from the date of this letter.

Yours sincerely

Mr R. Wright
Area Planning Officer
