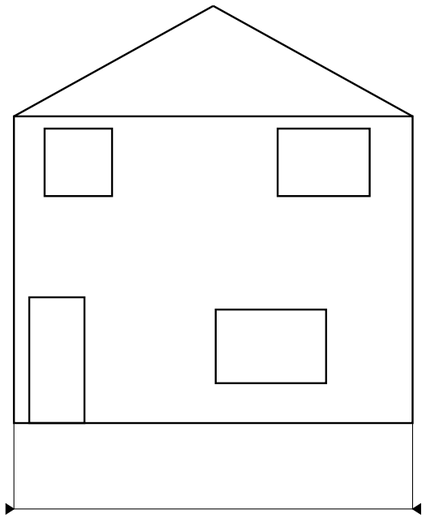
Revised Existing Elevations - Front and Both Sides - 1:100

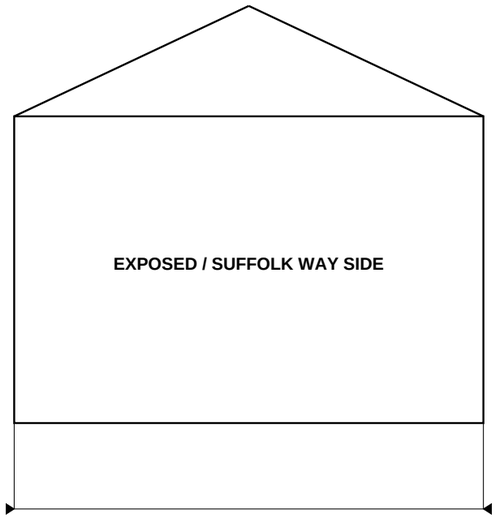
Existing house heights and upper-opening geometry are indicative from photographs; no vertical measured survey undertaken.

1. Existing front elevation



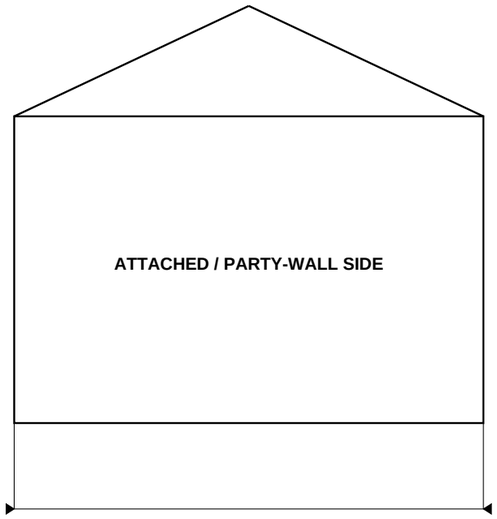
6500 mm measured dwelling width

2. Existing left / Suffolk Way side elevation



7650 mm measured house depth

3. Existing right / attached (party-wall) side elevation



7650 mm measured house depth

Existing-elevation notes

Existing entrance is on the left of the front elevation; existing ground-floor window is on the right. No enclosed porch currently exists.

Right-hand side of dwelling adjoins the neighbouring property. Existing vertical geometry is indicative only.
