Comments:
I have been to the site and discussed the proposal with the farmer. Because of the nearby houses it is not possible to relocate the store. The proposed shed is very large but it is required for the efficient use of the farm. It is also in a complex of other large modern farm buildings. There is a tall laylandii hedge between the proposed store and the rear of the Hercules public house and adjacent dwellings all

of which are listed. This hedge should be retained if possible because it does provide some visual protection.

On balance the proposal is acceptable.

The colour of the sheeting should be conditioned.
