Dear Eleanor,

REF: 10/00459/FUL: 14 Church Lane, Fenny Drayton

I am unable to comment on this application on the system, though I am still within the 21 days given in your letter. Please can you ensure that this feedback is included in your considerations?

Witherley Parish Council have examined the plans and would comment as follows:

Whilst we appreciate the proposed property is more attractive than the original dwelling it is felt that a large 2 storey property in this location is inappropriate and not in keeping with the design of nearby properties: with the exception of the old Georgian Vicarage, the neighbouring properties are bungalows, with some small cottages further down the lane.

This design is overbearing for this old section of the village and it is felt that a property of restricted height would be more appropriate.

Could you also ask someone to check why it is not allowing us to leave feedback - maybe there is a glitch?

Kind regards

Michelle
