Subject: NWHC Hinckley College - Wind Turbine conditions

Dear Andy

I have received the following response from Giles Rawdon at Environmental Health regarding your application to discharge conditions attached to planning permission 10/00221/CONDIT.

Condition 2 can be discharged.

The letter attached to your email dated the 7th October 2010 from Andy Smith at Pick Everard states that a noise survey will be carried out to establish the site specific noise criteria for the installation. The survey should be completed in order to discharge condition 4.

Please submit the information requested in order to satisfy the condition. Should you require any further information on the details required please contact Giles Rawdon.

Kind Regards

Rob Morgan
