Dear Ebbony

REF: PLANNING APPLICATION PP-01351468 – K2 MODULAR BUILDING

Please find enclosed a cheque to the value of £1,675.00 for the fees in connection with the above planning application made online via the Planning Portal, April 2011. This covers the installation of a modular building within MIRAs site.

This application has been applied for retrospectively due to urgent facility requirement.

In doing so we are aware that this work is at MIRA's risk and MIRA may be required to remove the development should a formal application for planning permission be rejected. We now know the full scope of the works and we are in a position to apply for retrospective planning permission.

The development has taken place within MIRAs site and consists of the installation of a modular building with a gross floor space 370 m2 and associated parking and landscaping.

If there is anything further required to assist this application please do not hesitate to get in touch.

Yours sincerely

I Osborne
Senior Engineer
